### **About GoPicnic<sup>®</sup>:**

Julia Stamberger founded GoPicnic, Inc. in 2006 to create nutritious, delicious, ready-to-eat meals that have the added convenience of being shelf-stable, and require no refrigeration or preparation. GoPicnic’s initial clients were major U.S. airlines wrestling with costly waste and customer-service issues from their buy-on-board fresh food-service programs. Recognizing the many benefits pre-packaged "picnic" meal programs brought to a wide array of other industries, GoPicnic expanded its offerings to reach consumers, retail outlets, hotels, and airports.
